- Yoruba – fluent

## BACKGROUND:

Transformational leader with 15+ years of success directing large-scale, multimillion-dollar EPC and capital projects across construction, energy, and manufacturing sectors. Expert in driving operational excellence, stakeholder engagement, and team performance through proven methodologies including Lean, Six Sigma, Agile, and PMP frameworks. Known for elevating productivity, streamlining operations, and delivering complex projects on time and within budget.

## PROFESSIONAL EXPERIENCE:

### PROJECT COST SOLUTIONS INC. | 2022 – PRESENT DIRECTOR OF PROJECT MANAGEMENT

- Lead full lifecycle project execution for high-impact government and commercial builds, including DTRA Kirkland AFB, aligning schedule, scope, and budget with client expectations.
- Established stakeholder engagement forums and implemented monthly updates, improving project transparency and decision-making.
- Developed and enforced risk mitigation protocols, reducing project delays and cost overruns.

### RLG INTERNATIONAL | 2018 – 2022 EXECUTIVE PROJECT MANAGER

- Achieved \$500K in cost savings by optimizing rig scheduling and operational rhythms, significantly reducing downtime and improving field efficiency.
- Consolidated 5 Asset Retirement Programs for Chevron Thailand using PMI's IMS/IMP model; delivered unified schedules and dashboards.
- Achieved 50% time savings on vessel cleaning through lean scheduling and team optimization.
- Coached teams at Tellurian and ConocoPhillips to define KPIs/CSFs, enhancing strategic alignment and reducing operational downtime..

### CHESAPEAKE ENERGY | 2015 – 2018 CAPITAL PROJECTS AND RELIABILITY MAINTENANCE MANAGER

- Managed \$200M P&L, delivering critical drilling infrastructure with standardized processes and reduced vendor costs.
- Reduced Lease Operating Expenses (LOE) by \$750K within the first 6 months by implementing cost-saving initiatives and vendor optimization.
- Implemented construction standards that improved ROI and reduced waste across drilling sites.

### ROLTA / SADARA (DOW & SAUDI ARAMCO) | 2014 – 2015

#### SENIOR PROJECT MANAGEMENT CONSULTANT

- Directed Primavera P6 enterprise implementation across Engineering and Capital Projects.
- Designed cost/resource integration models and delivered end-user workshops to ensure adoption.

### VALVTECHNOLOGIES (VTI) | 2013 – 2014 PROJECTS DIRECTOR / MANAGER OF CAPITAL PROJECTS

- Oversaw \$300M+ in post-sale manufacturing projects; improved delivery timelines and departmental performance.
- Implemented process controls and budgeting systems, boosting margin visibility and reducing operational friction.

### TAPCOENPRO INTERNATIONAL (CURTISS WRIGHT INC) | 2007 – 2013 SENIOR PROJECT MANAGER (2007 – 2013)

- Directed the planning and execution of medium-to-large sized projects, encompassing both single-year initiatives and multi-year programs, with a primary focus on delivering integral Enterprise Project Management strategies for FCCU turnkey components.
- Strategically mitigated company exposure and risks across all project endeavors.

- Designed and implemented robust project management protocols, effectively guiding workflow adherence to project plans.
- Developed custom reporting tools (GP, delivery metrics) and risk registers that informed executive decisions.

#### **PETROLEUM ANALYZER COMPANY (PAC)**

##### **PROJECT MANAGER (2005 – 2007)**

- Delivered \$5M+ in cost savings via tax strategy alignment and cost controls.
- Developed profitability models and real-time tracking systems..
- Strategically organized client engagement activities, leading kick-off meetings to foster collaboration among internal and external project teams.
- Diagnosed and tackled complex Project controls challenges, applying innovative solutions to enhance overall project efficiency.
